July 2025 Series

Summer is a time for scares in Japan. As a way of chilling their bones in the heat, people challenge themselves to watch *kaidan*, or ghost stories. The Japanese word for this is: *Kimodameshi*.

Some say the reason for this tradition is that Obon, the festival of the dead, falls in August. Others attribute the phenomenon to Edo-period Kabuki theaters performing ghost stories outdoors in the summer to help audiences keep cool. Whatever the origin may be, we thought we'd contribute to this terrifying means of climate control!

In partnership with the Japan Society of Boston, we've programmed five films from Japanese filmmakers spanning 50 years of supernatural storytelling. "Kaidan Kimodameshi: Chilling Tales from Japan" will certainly send a shiver down your spine this summer!

Ugetsu

Tuesday, July 1 at 7:00pm

With this exquisite story (part fatalistic wartime tragedy, part ghost tale), director Kenji Mizoguchi created the touchstone of his revered filmography that reveals essential truths about the ravages of war, the plight of women, and the pride of men.

Kuroneko

Tuesday, July 8 at 7:00pm

From Kaneto Shindo (*Onibaba*), this poetic and atmospheric horror fable with a shocking feminist angle follows a military hero sent to dispatch a malevolent spirit that has been ripping out the throats of itinerant samurai.

Demon Pond

Tuesday, July 15 at 7:00pm

Japanese New Wave renegade Masahiro Shinoda transforms a classic Kabuki tale with his own extravagant visual style in this dimension-shattering folk-horror fantasia about a lone traveler engulfed in a whirlpool of myth, mystery, and magic.

Ringu

Tuesday, July 22 at 7:00pm

All roads lead back to *Ringu*, the blockbuster Japanese horror movie that inspired a million nightmares (and ripoffs and remakes) with its phantasmic elegance about a TV journalist investigating an urban legend concerning a cursed VHS tape.

The Grudge (2004)

Tuesday, July 29 at 7:00pm

From producer Sam Raimi and acclaimed Japanese director Takashi Shimizu comes a terrifying tale of horror in which an American nurse (Sarah Michelle Gellar) encounters a vengeful supernatural spirit that possesses its victims, claims their souls, and then passes its curse to another person.

There are iconic duos, and then there are iconic duos...and legendary director Spike Lee and acclaimed actor Denzel Washington without a doubt deserve the italics. July & August 2025 Series

What better way to mark the season than with a tribute to the late, great Patrick Swayze, whose movies dominated the summer box office in the late '80s and early '90s?

An actor of surprising versatility, Swayze was as comfortable dancing the cha-cha in a leotard as he was busting jaws in a Missouri dive bar. Whether he was playing a romantic lead or an action star, Swayze brought a compelling mix of sincerity and charisma to every role.

Join us in celebrating his unique onscreen talents during the "Swayze Days of Summer."
